

Lead Pipe Replacement Application

Under the Water Supply (Water Quality) Regulations (NI) 2007 (SR 147) and amendments

This form can be used to apply for the replacement of an existing lead pipe for separately occupied units or properties situated on the same development, road or street, placing a similar demand/supply requirement on our water network.

The replacement connection must be at the same location as the existing supply, if not, there may be a charge for this service.

Please ensure completion of all sections, as any missing information may result in the delay/return of your application. Please refer to our guidance notes before completing your application.

Please note

You need to carry out the following work at your own expense:

- lay a new service pipe to the boundary of your property
- Carry out any necessary internal plumbing work.

NIW will carry out the necessary work from the boundary of the property to the watermain in the footpath/road. Under no circumstances will NIW or contractor(s) working on their behalf, carry out work within private property. **Lead pipe replacement is free of charge on a like for like basis only.**

1. Applicant's Details

Note: The named applicant in this section will be contacted by NI Water

Company Name	_____		
Contact Name	_____		
Address	_____		
Town	_____	DaytimeTel	_____
County	_____	Mobile	_____
Postcode	_____	Email	_____
Standard Industrial Classification Code (SIC Code) (If Applicable)	_____		

2. Current Connection location

In this section, please list out all of the individual properties which are to have their existing connections replaced. If multiple properties are presently served by a shared lead connection, please complete the application for a Separation of an Existing Supply (WC-A079-SoS)

Property No.	Road Name or Development Name	Town/ City	County	Postcode	LPS Property No	Year Property was built	Domestic or Non-domestic

3. Size of Existing Connection

Please select the size of your supply pipe

External diameter: 25mm 32mm Other _____

Lead Pipe Replacement is free of Charge on a like for like basis. A Standing Charge is levied on all metered non-domestic customers, the scale of the charge is related to the internal diameter of the customer’s supply pipe as per the current Scheme of Charges – www.niwater.com/servicesfordevelopers.asp

Special Requirements

For applicants with special or medical needs, let us know your specific service and date requirement

4. Street Works Licence

Under the Street Works (NI) Order 1995 a Street Works Licence is required by any person or organisation who wishes to place or retain apparatus in a street.

- NI Water is an approved Utility Contractor and CAN carry out the full service connection.
- NI Water, under the prescribed charges, will make the connection to the watermain, fit an external stopcock, a meter guardbox (if appropriate) and lay the associated underground service pipe.

Where will the proposed connection be completed?

- Adopted Road / Street
- Unadopted Road / Street
- Private Road / Street

- Where the connection is located within an Adopted Road / Street the excavation and reinstatement MUST be completed by NI Water, the cost of this service will be included in the quotation.
- Where the connection is located in an Unadopted or Private Road / Street the developer MAY carry out the excavation and reinstatement.

5. Declaration (please read very carefully)

I now apply to NI Water for a lead pipe replacement to the location(s) detailed in section 2. I accept charges payable (if applicable) to which this application relates. Details of NI Water charges can be found on the current Scheme of Charges at www.niwater.com/servicesfordevelopers.asp.

Please tick to indicate that you have read and understood each point;

- I/We agree to pay the water & sewerage Infrastructure Charge(s), if applicable.
- I/We undertake to agree to abide by the terms and conditions of the Water Supply (Water Fittings) Regulations (NI) 2009.
- I/We understand that any alterations made to this application must be declared to NI Water.
- I/We have filled in all of the relevant sections of this form. The details I/we have given in this application are accurate.
- I/We have read and understood the supporting guidance notes.

Before submitting your application please ensure that you have completed all relevant sections and the requirements below have been included.

Site Location Plan 1:1250 / 1:2500 map (LPS ACE map will suffice) with the preferred connection point and site boundary clearly indicated in red and relative to an existing feature. Any other land owned by the applicant should be shown with a blue line around its boundaries, and if a public right of way exists within or adjoining the site, it should be outlined in green. **Maps / layouts greater than A3 must be submitted in PDF format to waterline@niwater.com**
Street Works Licence (*if applicable*)

* Name (in BLOCK capitals) _____
Signed _____
Date _____
